Some problems can be solved over the phone

free estimate and diagnostics upon request

50% Senior Discount

- \$40 Removal of Viruses/spyware
- \$40 Upgrade Windows
- \$40/hr Software Install/Reinstall
- \$120 Windows Install/Repair/Reformat (install service packs, drivers, updates, any software you have - bring it)
- \$40 Install web server for your web development/testing
- \$40 Install a popular flavor of Linux (Ubuntu, Mint, Fedora, OpenSUSE)
- setup a network (bring everything, even modem and ISP welcome letters)
- I refer all media scratch repairs to Movie Movers in town. they do a great job and it costs \$2 and they have expensive equipment. it does remove a small bit of surface, but it's negligible.
- I am an OEM and a Community Distributor for the MS Office-compatible OpenOffice.org, I can install and provide a cd of software to you with about 70 applications (mostly Open Source). 4-DVD or 2-CD set is \$10/disc. (Win)
- GIMP Massive Package (Paint/Photo program) on a CD for \$10 (Win/Mac), has a LOT of GIMP plugins.

- free: point you to a dialup service that still works on windows 98
- \$40 Networking (TCP/IP, NETBEUI)
- free Diagnosis and estimate on request
- Yearly Preventative Maintenance for desktops
- \$80 reinstall your drivers
- parts+\$40 fee Replacing Components
- \$40 reset and setup and training for your router (need your participation for ssid+passkey)
- parts+\$10 fee Provide driver disc
- parts+\$10 fee Order System Restore Discs for your Major Vendor computer
- \$40+parts give your Desktop wi-fi
- free product advice: help someone get email who doesn't know about computers (device+dialup service)
- \$40+parts Upgrade RAM (memory) to make computer faster
- \$40+parts upgrade/replace Hard Drive (every 4-5 years) or optical drive
- free: email you a link to a good box of certain kind of cd pens (black ultra fine point sharpies, don't use color)
